

## Applicable Tariff Card [Effective from 01.01.2026]

### Connection Charges for Smart Prepaid PNG Domestic Connection [Please tick any one scheme to choose]

\*\*\*

| No. | Description of Scheme                                                                                  | Individual Category Regular Plan<br>(1S- Scheme) | Builder Category Regular Plan<br>(4S - Scheme) |
|-----|--------------------------------------------------------------------------------------------------------|--------------------------------------------------|------------------------------------------------|
| 1   | Registration Fees incl. GST(Non-Refundable) - (to be collected at the time of Registration)            | ₹ 354                                            | ₹ 354                                          |
| 2   | Connection Security Deposit (Interest free / Refundable) - to be collected at the time of Registration | ₹ 6000                                           | ₹ 9000                                         |
| 3   | Minimum First Recharge Value before start of consumption                                               | ₹350                                             | ₹350                                           |
| 4   | Minimum Recharge Value after first recharge                                                            | ₹300                                             | ₹300                                           |

All the above rates are subject to change with changes in applicable taxes, duties, or Govt. rules.

# Refundable if the connection is not technically feasible and the stamping and terms and conditions not executed.

\*\*\* Billing under all schemes shall be done Realtime basis for Prepaid connection.

1. All the charges are for one connection only (one Kitchen point and with one regulator and one gas meter, 15 meter of GI /MLC = / Copper pipe free) In case GI/ MLC/ Copper Pipeline exceeds 15 meters, charges for the extra pipe length, as applicable are payable.
2. Penal charges are applicable to customers involved in unauthorized / illegal extension, modification and removal of tampering of gas installation
3. Equipment used in PNG connection like pipe, valve, meter, regulator etc. will be owned by the Company wherein customer has to protect them as a custodian. Any damages to such equipment, due to any reason whatsoever, shall be billed to the customer. Accordingly, upon surrender of gas connection, if any, by the customer, the Company shall take back this equipment from the customer premises.
4. Annual Fee of ₹ 100/- plus applicable GST will be charged after completion of 12 months and thereafter on a yearly basis under all schemes.
5. Customer will get alerts regarding low balance, Bills, etc communicated through WhatsApp and/or SMS or customer App

## (1) Other Gas connection related charges (Non-refundable)

\*Applicable taxes shall be extra payable by the customer. The same subjects are subject to change as per the prevailing government rules.

- Conversion of nozzle for regular stove up to 4 burners is included in the connection cost for first time. Conversion of nozzle for different stove or more than 4 burners stove or for other than first time is not included in the connection cost and same is to be converted by customer at his/her own cost.
- Repairing or servicing of gas stove or any type of burner is not included in Company scope
- Making a hole in the stone, tiles & platform fitted inside the kitchen/bathroom shall be done by the customer.
- The underground pipeline work will only be done by excavation process (open digging) only
- All resurfacing & restoration shall be done by customer or society
- Concealed G.I. or MLC or Copper pipelines is not allowed inside the customer's premises.
- Gas connections will be provided based on technical suitability at customer premises.
- Any alteration / modification in the Gas connection is to be done by the Company only based on technical feasibility at customer premises and will be charged additionally as per the Company policy.
- Billing will start as soon as Gas is supplied to the customer.
- Customers have to clear the outstanding and pay the applicable charges in advance at the time of applying for any of the gas connection-related requests as above.
- A maximum of 3 extra points (Chargeable) can be provided over and above 1 main kitchen point to each customer, i.e., 1 point for kitchen (in the same kitchen, if any) and 2 for geyser connection.
- Gas connection work shall start after booking (Registration) of Gas connection. If a customer wants permanent disconnection during the gas connection work, then it can be done after paying the charges for the Gas pipeline (Underground/ over ground) and other equipment.
- This tariff card shall form an integral part of the PNG Domestic registration / application form.
- The above tariff card is subject to change from time to time and the same shall be intimated to customers through website / other medias.

#### DECLARATION

I understood the details of the Tariff Card and Agree to accept all the terms and condition with rates mentioned in the tariff Card. I also agree to accept all the terms and conditions and rates as and when changed / updated by AG&P in tariff card.
